The Trial Will Soon Be Concluded

Evidence will probably all be in by the end of the week in the seemingly interminable trial of the case of Parkinson vs. Barr, et al., which is now occupying the attention of the District Court. The action is to secure a title to 70,000 acres of land in Elko and Humboldt counties formerly owned by the Nevada Land and Cattle Company, an English corporation. The attorneys for the plaintiff are Soderberg and Kelly. Torreyson and Summerfield are representing Altube Bros. W. S. Goodfellow is attorney for the German Savings and Loan Society and Judge Murphy for Ritchie and Barr.

Horse Thief Caught.

A book agent secured a horse and buggy Monday at Hymers' livery stable for the stated purpose of driving about the town that day. When evening came he failed to show up and search was made for him. It was learned that he had gone to the Truckee River Country Club. Later he was located in Sierra county. Officer Leeper left for Loyaltown yesterday. He will return with his prisoner today.

A New Leader in the Queen Contest

A big surprise was sprung yesterday in the Carnival Queen voting contest. Miss Lou Becker jumped from third place to first and Miss Avansano fell from first to third. The race has now narrowed down to three contestants. It is now too late for any "dark horses" to be entered.

The result of the balloting is still as much in doubt as ever, for each young lady has a number of supporters who are expected to poll a big block of votes on the last day of the contest. Following is the result to date:

Table with 2 columns: Name, Votes. Lou Becker 3213, Kate McGowan 2656, Carrie Avenzeno 2420.

Murder May Have Been Committed

An inquest will be held by Coroner Peers at 10 this morning over the body of Jno Harvey, who died at the county hospital. The young man came to Reno from Elko a couple of weeks ago to work at carpentering. On Thursday evening of last week he was beaten by parties unknown and injuries inflicted which doubtless caused his death. An autopsy was performed at the morgue yesterday afternoon by Drs. Gibson, Woods and Walker. The body of the deceased was literally covered with black and blue spots.

The members of the directorate of the Tonopah Mining Company arrived from the east yesterday morning in a private car and went on south to view the famous camp.

Last Hours of the Contest for Queen

The Committee on Carnival queen have decided not to collect the ballot boxes Monday evening at five o'clock, as published past evening, but to let them remain where they are viz: McCollough's Drug Store, Rosenthal & Armanko's, Palace Hotel, A. Nelson's Cigar Store, The Owl, Hodgkinson's drug store and the Cann Drug Store, until 9 o'clock when the poles will close absolutely.

At 9 o'clock Monday night H. J. Gosse will gather the boxes, take them to Wheelmen Hall, where the final vote will be canvassed in public, by the committee, and the name of the successful candidate announced. Captain Gosse will be pleased if any one interested in the contest will go with him Monday evening to gather the votes.

Put your homes in order before the visitors come. See our wall paper. Porteous Decorative Co.

Recalled the Fire.

A. F. Neidt is laying several cement sidewalks on Commercial Row. While excavating for these walks the workmen found a number of pieces of charred wood, relics of the great fire over twenty years ago. The relics caused old-timers to let loose a flood of reminiscences.

No Expense Spared.

It is costing the Tonopah directors something to make the trip from the east. The Pullman car Riva, which is sidetracked here, means an output of \$50 per day. In addition to this the Philadelphians were compelled to purchase eighteen first-class tickets and furnish their own commissary.

Precaution Suggested.

A correspondent suggests that certain precautions should be taken for the safety of little children in this city, several of whom have been drowned in the numerous irrigation ditches which traverse the town.

Will Come in Force.

An arrival last evening reports that great interest is being manifested in Carson and Virginia in the coming Carnival. There will be large crowds from these towns. Their papers are all booming the air.

Committee Meeting.

Another meeting of the Committee on Concessions was held last night in the Sheriff's office. Arrangements were completed for awarding all concessions next Monday.

On Official Business.

Major Spriggs of the Pyramid Agency is spending a few days in Reno. He leaves shortly to visit the Indian Reservation at Fort McDermitt, which is also under his care.

- W. H. Hopkins Co., capital \$500,000, place of business, Reno.

Sign writing is our specialty. "Good work" is our reputation. Porteous Decorative Co.

Arranged for the Trip.

A delegation of Woodmen visited Log Valley yesterday and successfully concluded all arrangements for the basket picnic for Sunday next. A band of eighteen pieces and a game of ball between two well matched teams will be the chief attractions of the day.

The route through the canyons and over the summits to the destination is through a scenic country. The excursionists will leave Reno on the swing train and return at 8.45.

Inspector Appointed.

The Nevada, Water, Light & Power Company has appointed D. B. Pennell, expert to examine and report on all piping before lights are turned on. The wiring must be done according to the requirements of the Board of Underwriters.

Coming Attractions.

Ed Piper is down from Virginia. He has a number of excellent attractions billed for the McKissick opera house. His coming theatrical season promises to be one of interest.

Fountain pens at Golden's Jewelry for \$1.

DEMOCRATIC SIMPLICITY AND ORIENTAL GRANDEUR

There is a vast difference between them. This is more apparent in personal adornment perhaps than anything else. One of the reasons so many Reno people have their clothes made by me is that I make their clothes in a stylish manner, yet neither gaudy nor plain. Let me take your measure the next time you need a suit of clothes, and the force of this argument will strike you in a more convincing manner. SIDNEY C. FOSTER, Stylish Tailoring, Hartung Bldg., Virginia St.

was levied on Caledonia yesterday.
A woman was caught in the act of
stealing flowers from graves in a Vir-
ginia City cemetery the other day.

J. J. McCarthy, an old resident of
Yarson, died there Sunday.
A former Ormsby county official is
now a sailor on a whaler in the Ar-
ctic.

DOUGLAS.
An improvement is noticed in all
lines of business in Gardnerville.
Pres. Uhlhorn is corresponding with
Inson Valley parties and will likely
be there this fall for the purpose of
recting a Vulcan smelter.

ELKO.
About 1600 head of horses will be
shipped from Elko to Omaha next
Monday.

There is more water in South Fork
of the Humboldt at present than
there has been for many years.

Three drunken Indian men from one
of the construction camps got into a
row at Carlin Sunday and one of them
killed two of his inebriated compan-
ions with a pocket knife.

There are eighteen prisoners in the
Elko county jail. A chalangang is kept
work on the streets of the town of
Elko.

A small flow of artesian water has
been obtained in the well on the Jen-
n ranch, in Carson valley, at a depth
of 330 feet.

W. H. Curry, charged with taking
5 from the person of a drunken man,
pleaded guilty to petty larceny and
as fined \$100 in Elko.

LANDER.
It is now stated that Battle Moun-
tain will be left off the line of the
Central Pacific road some distance
the changes being made in the line.
The decomposed remains of Charles
Hanson were found near Big Creek,
Lander county, Monday. The Revelli-
as the deceased left Austin about
arch last for Smoky Valley to get a
lot of traps he had belonging to him
one of the ranches there.

HUMBOLDT.
The Nevada Nickel Syndicate has
sold its property near Lovelock to New
York capitalists.

An artesian well has been struck on
a desert near Winnemucca, and other
ells are to be sunk and the water
used for irrigation and stock purposes.

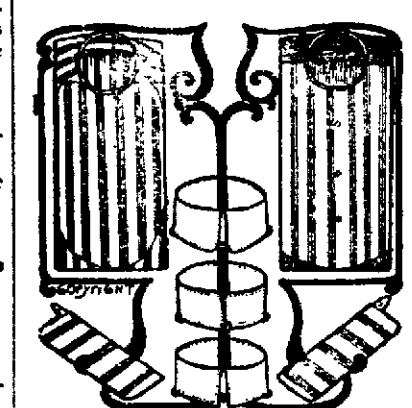

SHUDDERS AT HIS PAST.

I recall now with horror," says Mail
carrier Burnett Mann, of Levanna, O.,
my three years of suffering from kid-
ney trouble. I was hardly ever free
from dull aches or acute pains in my
back. To stoop or lift small sacks
made me groan. I felt tired, worn out,
about ready to give up, when I began
to use Electric Bitters, but six bottles
completely cured me and made me feel
like a new man. They're unrivaled
to regulate Stomach, Liver, Kidneys
and Bowels. Perfect satisfaction guar-
anteed by S. J. Hodgkinson. Only 50
cents.

...IN THIS WE EXCEL...

The laundering of colored goods, par-
ticularly shirts, cuffs, shirt waists and
articles of similar nature, has been made
special study and we have no hesitation
in asserting that the work of

Reno Steam Laundry
is superior to that of all others. Care is
taken not to fade goods. The finish is as
perfect as skill can make.

An artesian well sunk about 44 miles
northeast of Winnemucca struck a
flow of hot water at a depth of 117
feet, the water spouting six feet above
the surface.

AN ASTOUNDING REVELATION.

THE Carson News makes the astounding revelation that speeches are sometimes printed in the Congressional Record, that were not verbally delivered on this floor of the house. From the avidity with which our esteemed contemporary seizes the opportunity to air its knowledge in this respect, we infer that its discovery was of recent date, although The Journal's devil knew all about it before he graduated from the Reno Kindergarten. The Journal never stated that Mr. Newlands' last speech on irrigation was delivered on the floor of the house, which probably it was not. Mr. Newlands, however, secured a day for the consideration of his irrigation bill and at the same time obtained permission from the house for the printing of his speech as a part of the official record of the proceedings of that day. This is a common practice, which saves many a meritorious measure from defeat by giving the members an opportunity to read the argument in its favor, which the time and business of the house would not permit to be delivered orally. Mr. Newlands embraced the opportunity to present the most elaborate and comprehensive argument in favor of irrigation that has ever been presented before any deliberative body, having the subject under consideration. It was done for the purpose of furnishing the friends of the measure, material for argument and data, which in the short time allowed for discussion could not be verified if disputed from opposition sources. It was a wise procedure upon the part of our representative, and was as creditable to his foresight as to his industry, perseverance and ability in compiling an array of facts and figures favorable to the measure to be considered and disposed of on the day set for its hearing. The compilation of the various arguments was a work of time, industry and labor and no one who will read the speech, whether or not delivered, will for a moment doubt or question our representative's fidelity to the interests of his constituents, or take any stock in the News' unwarranted charge that he neglects local interests in his zeal for national reforms.

THE TRAITOR REWARDED.

SENATOR McLAUREN, of South Carolina, is to be appointed a judge of claims, by this Republican administration. This fact at least verifies the truth of, if it does not justify Senator Tillman's statement, that his colleague had sold his Democratic birthright for a Republican mess of pottage. Upon the principle that the truth should not be spoken at all times, perhaps Tillman was wrong in his selection of the time and place of its utterance. That, however, constitutes the head and front of his offending. But what honorable man of whatever party, has not greater respect for the man who perhaps uncouthly violated the proprieties of the senate, than for the traitor who unblushingly accepts reward for betraying his party and his State?

HANNA AND ROOSEVELT.

THE incidents at the Ohio Republican convention indicate very clearly that there is a strong determination in certain quarters that Mark Hanna shall become the Republican candidate for president in 1909. Some of the Republican papers that are not friendly to Mr. Hanna lay great emphasis on the fact that the convention in its platform endorsed the administration of Mr. Roosevelt. There is no significance whatever in this fact. The convention did not dare to adjourn without endorsing the national administration; but the fact remains that there was a very strong sentiment for Mr. Hanna's nomination in 1904; and every man who gives intelligent observation to the political situation must understand that, judging from the situation of today, the contest for the Republican nomination of 1904 will be between Theodore Roosevelt and Mark Hanna; and it is not too much to say that despite the prejudice and the predilections of Senator Foraker, Ohio will take the lead in the Hanna boom.—Commoner.

TWO PICTURES.

"In Cuba you have got the eternal gratitude of a free people."
"In the Philippines you have got the hatred and sullen submission of a subjugated people."
These are the two pictures to which George Frisbie Hoar, a Republican United States senator, invited the attention of the American people in his speech in the United States senate on May 22d A. D. 1902.

WE appreciate the kindly motive of the Carson Appeal in taking up the cudgels in the matter of a slurring reference to the friendly notices of brother journalists of the writer in urging his candidacy for a State office which, suggestions were courteously but promptly and emphatically declined. We did not consider the matter entitled to notice. We laid aside our skunk gun several years ago, as our remaining years are too few and our means too limited to waste time and ammunition upon that variety of offensively odoriferous game.

MINNESOTA'S board of control has raised the wages of State employees ten per cent. because of the increased cost of living. This is a kindly and charitable act. Other men not employed by the State, need to be made more comfortable. Instead of raising wages all around, which in the end would accomplish but little if anything, would it not be better to curb the agencies that make the cost of living greater?

SENATOR CLARK of Montana has declared in favor of the election of United States senators by popular vote. The Montana senator is perhaps the wealthiest man in the upper house, but he is not controlled by corporations or other influences on questions effecting the public interest.

IF President Roosevelt appoints Senator McLaughlin a judge of the court of claims, and Senator Tillman opposes confirmation, what will become of senatorial courtesy?

Whereas, it has pleased The Supreme Architect and Master Builder of the Universe, to remove from our midst our Neighbor and fellow workman, James B. Caine, through whose good offices many of our members have been helped to better their condition in this march of life, and...

LATE NEWS OF TONOPAH**Items of the Camp from the Bonanza and Other Sources**

Twenty leases have been let at Lone Mountain, and some of the shafts are down forty feet.

The ice plant for Tonopah was loaded on the cars at San Francisco on Thursday.

Sunday afternoon the people of Tonopah were startled by the announcement at Merrett E. Allen had committed suicide by shooting.

The cross-cutting from the McNamara shaft continues, with two shifts of miners at work, and the improvement in the formation is so marked that all stock in the company has been withdrawn from sale.

Work was begun Friday morning on a double-compartment shaft on ground belonging to the North Star Company. The shaft will be 500 feet deep; connections will be made with the tunnel on the line thereof, and crosscuts will be run from each 100-foot level.

The double compartment shaft on the Silver State, the property of the newly formed G. & H. Tunnel Company, is being sunk by three shifts of miners. A gasoline hoist is en route, a shaft house is being built and all the preliminaries for deep mining are being planned. This shaft will be sunk to the depth of 600 feet.

Manager Curtis of the Fraction is whooping things up for his company and the main working shaft, which is a triple compartment one and situated in the center of the company's valuable group of properties, is being rushed as rapidly as men, money and brains can do the work. The intention of the company is to sink this main shaft to a level with the old Fraction shaft and drift on the vein both ways until connections are made.

Good value in our wall paper, paint and brushes. Porteous Decorative Co.

The Como-Eureka mining property, at Como, Lyon county, is being examined by experts representing Minneapolis, Minnesota, capital, and should they report favorably, extensive development work will follow. That there is a large body of ore in the mine was demonstrated by exploratory work of years ago, and with modern methods of mining and milling it, it can be profitably handled.

Elkoites are trying to create the necessary amount of enthusiasm with the object of having a Fourth of July celebration.

Eureka county ranchers expect the largest hay crop in years, but are worried lest there be a scarcity of harvesters this summer.

According to the Virginia Chronicle, Judge G. P. Talbot of Elko will be a candidate for the fusion nomination for Supreme Judge.

The Tuscarora Times-Review says that numerous trade dollars are in circulation in that town. Our people should be careful and see that they do not receive any of these coins.

George E. Clark of Reville, Nye county, was found dead at that place last Wednesday. He had been dead a week, having committed suicide rather than go to the county hospital.

Three boys went into the powder house at the Raymond & Ely mine at Pioche and set two cans of powder on fire. Two of the boys received burns which may prove fatal, but the third escaped unharmed.

Dave Ryan has been appointed secretary of the Sierra Nevada Union and Mexican mines, vice J. M. Farrington. Mr. Farrington retains the secretaryship of the Chollar Silver Hill and several other mines.
